

Solihull Parish: St Alphege, St Helen's and St Michael's

Share the load this Harvest

At this time of year churches would normally be preparing to celebrate Harvest.
We remember and give thanks for all the good things we have,
for wonder of creation and all who produce our food.

We also pray for and reach out to those who have so much less than us.
Due to the Covid 19 pandemic both St Alphege and St Helen's Church, together
with St Michaels will be celebrating harvest in some new ways.

We would love you to be involved.

Here's how: -
