

People's Emergency Briefing

On the climate and nature crisis

What's happening with climate and nature, and what does it mean for everyday life in the UK?

Join us for a screening of the People's Emergency Briefing – a non-party political, eye-opening film bringing together nine leading UK scientists and experts with the latest evidence and why it matters for issues like:

-  Extreme weather
-  Food security
-  Health
-  Cost of living

The film is based on the National Emergency Briefing in Westminster (featured by ITV, Channel 4 and The Times) with appearances from Chris Packham, Deborah Meaden, and a range of voices from across the UK.

After the film there will be a short open discussion about what it means for our community and what we can do locally.

In addition to the wider community, faith, educational leaders and our local MPs - Neil Shastri-Hurst and Saqib Bhatti - have been invited. There is optimism that they will join with constituents for this important discussion about our future.

Two screenings are being shown to allow either daytime or evening attendance.

 **St. Alphege Church, Church Hill Road, Solihull, B91 3RQ**
